

ATTENTION: Admaston/Bromley Farmers

Renfrew County Recycling, located at 610 Lisgar Street in Renfrew, has agreed to take agriculture plastic wrap **all year round** to help us keep this Farm Film/Ag Plastic out of our landfill sites and to ensure that it is being recycled.

Plastics/Film must be:

- clean and dry
- not be treated with fibre glass or coated with insulation
- only white, white and black or clear will be accepted (no COLOURED plastic)
- not baled

This is good news for all of us who are intent on extending the life of our landfill site and ensuring that our used plastics are going to be Recycled and Reused.

For more information, please contact Annette Louis at 613-432-2885 or e-mail info@admastonbromley.com
