

What is the Douglas Recreation Committee?

The Douglas Recreation Committee is a group of volunteers from Douglas and the surrounding area who provide recreation and sports programs to all ages at the recreation facility in Douglas which consists of an outdoor rink, ball diamond, and beach volleyball courts. Programs include minor fastball, a youth hockey program, mixed volleyball, an adult baseball league along with an excellent outdoor rink throughout the winter season available to everyone.

We offer well maintained facilities, nighttime lighting and a full functional rink building. We provide each sports program at a low cost to our local and surrounding communities to ensure everyone has the opportunity to participate in the various programs.

These great programs and facilities would not be made possible without the work of the many volunteers and their fundraising initiatives which include the Frosty Fun winter carnival in early February.

If you are interested in joining the Recreation Committee or helping out with a program or event, please contact the Township office or one of our committee members.
