**9a** Public Works Monthly Report – October/November 2025

Superintendent Steve Visinski spoke to his report highlighting that the producer pay recycling system is going well, as well recycling continues to increase and the amount of garbage in the landfill is continuing in a downward trend. The weather so far and the prediction for the winter is that it will be busier than in the past few years. Weather made grading a challenge to get completed this fall. Councillor LeGris asked if the Township provided more recycling, would there be a financial gain in revenues. Treasurer/Deputy CAO/Clerk Coughlin answered that the volume of recyclables makes up a very small percentage used in the funding formula of the reimbursement of the producer pay recycling program, but rather is based on households. The benefit can be seen through the extended life of the landfill by not having residents throw out the recyclables as trash.

**This will be and in and out as the twp have already advanced us the \$5,518.00**

On Friday, Dec 5th, I presented and defended the budget to council. I also read a letter to the council that Libby provided.

They continue to see the budget as a 16% increase, however I tried to explain that the wages had not been properly represented. The province has had our operating grant frozen for over 20 years. Councillor Field checked the web site and it stated the municipalities would be responsible for the short fall. That is not fair either.

Our previous Librarian donated a lot of her time, so our actual employment hours were skewed. We had an increase of hourly wages and every April and Oct the minimum wage increases a bit. For Health and Safety reasons, we are also trying to ensure that our staff do not work alone. The teachers are usually in the school till 4, so if we can have our part time staff arriving at 4 on Mondays and Wednesdays. I also increased Libby's

administration hours from 5 hours a month to 12 per month. This would give our Librarian time to research more funding opportunities and grants. I also explained that once we were brought up to speed, in the following years we would be glad with the proposed increases by council. I pointed out how we reduced our book budget by \$3500, and increased our fundraising line to cover the short fall for our collection.

In summary, I doubt very much that we can operate without the full amount from the Township, we are asking \$35, 734.00, an increase of \$4, 914.00 from 2025.

Re: Change Order of Blue Box Contract with CMO

---

**Background:**

The Waste Management Committee discussed this at their meeting held December 18, 2025.

The Township of Admaston/Bromley started the new Blue Box transition period in July of 2025. This new program deems that the producers of blue box materials must cover the costs of hauling and processing blue box materials. During transitioning from July to December 2025 CMO (Circular Materials of Ontario) agreed to continue to collect commingled blue box materials from residential and ICI (Industrial, Commercial, Institutional) dwellings until the end of 2025. With this, CMO and the Township came to an agreement based on MPAC data for the Township to pay 4.22% of the total costs to continue to collect commingled residential and ICI materials.

As of January 2026, CMO has decided they will no longer accept ICI materials to be commingled with residential blue box materials or cover any costs with hauling or processing of ICI materials. With this the 4.22% deduction will no longer be charged to the Township.

**Discussion:**

The Township and CMO have a contract that extends for up to three years. This contract can be altered at times for certain things like residential growth. The attached change order contract has a few changes that are based on the removal of ICI materials and the 4.22% as well as an increase in the number of residential households in the Township. The residential household numbers have been increased based on current MPAC and OPP statements.

CMO is requesting the attached document to be signed by Council and returned as soon as possible.

Dear Mayor/Reeve/CAO/Treasurer,

Please find attached your Ontario Provincial Police (OPP) Annual Billing Statement package including 2026 estimated costs and a statement for the 2024 year-end reconciliation. The final cost adjustment from the 2024 reconciliation process has been applied as an adjustment to the calculated billing amount for the 2026 calendar year.

As noted in the letter sent to you by the Solicitor General dated September 26, 2025, any increase in total policing costs for calendar year 2026—including the 2024 year-end adjustment—has been capped at 11% over the final amount billed in 2025 (after 2023 year-end adjustment and all applicable discounts).

To provide clarity and transparency, your statement includes:

- The actual calculated billing amount for 2026.
- A capped amount, based on the final 2025 payable amount plus 11%.

The municipality will be billed the lower of these two amounts during the 2026 calendar year.

The final reconciliation of your 2026 annual costs will appear in your 2028 Annual Billing Statement. The reconciled 2026 costs will reflect the 11% cap applied for that year.

For more detailed information on the 2026 Annual Billing Statement package, please refer to the resource material available on the internet, [www.opp.ca/billingmodel](http://www.opp.ca/billingmodel). Further, OPP Municipal Policing will host webinar information sessions in the new year. An e-mail invitation will be forwarded to the municipality advising of the session dates.

If you have questions about the Annual Billing Statement, please e-mail [OPP.MunicipalPolicing@opp.ca](mailto:OPP.MunicipalPolicing@opp.ca).

Yours truly,

B. (Bradley) McCallum  
Chief Superintendent  
Commander  
Crime Prevention and Community Support Bureau

## **OPP 2026 Annual Billing Statement**

### **Admaston/Bromley Tp**

**Estimated costs for the period January 1 to December 31, 2026**

#### **Notes to Annual Billing Statement**

- 1) **Municipal Base Services and Calls for Service Costs** - The costs allocated to municipalities are determined based on the costs assigned to detachment staff performing municipal policing activities across the province. A statistical analysis of activity in detachments is used to determine the municipal policing workload allocation of all detachment-based staff as well as the allocation of the municipal workload between base services and calls for service activity. For 2026 billing purposes the allocation of the municipal workload in detachments has been calculated to be 51.9 % Base Services and 48.1 % Calls for Service. The total 2026 Base Services and Calls for Service cost calculation is detailed on the Base Services and Calls for Service Cost Summary included in the municipal billing package.
- 2) **Base Services** - The cost to each municipality is determined by the number of properties in the municipality and the standard province-wide average cost per property of \$203.05 estimated for 2026. The number of municipal properties is determined based on MPAC data. The calculation of the standard province-wide base cost per property is detailed on Base Services and Calls for Service Cost Summary included in the municipal billing package.
- 3) **Calls for Service** - The municipality's Calls for Service cost is a proportionate share of the total cost of municipal calls for service costs calculated for the province. A municipality's proportionate share of the costs is based on weighted time standards applied to the historical billable calls for service. The municipality's total weighted time is calculated as a percentage of the total of all municipalities.
- 4) **Overtime** - Municipalities are billed for overtime resulting from occurrences in their geographic area and a portion of overtime that is not linked specifically to a municipality, such as training. Municipalities are not charged for overtime identified as a provincial responsibility. The overtime activity for the calendar years 2021, 2022, 2023 and 2024 has been analyzed and averaged to estimate the 2026 costs. The costs incorporate the 2026 salary rates and a discount to reflect overtime paid as time in lieu. The overtime costs incurred in servicing detachments for shift shortages have been allocated on a per property basis based on straight time. Please be advised that these costs will be reconciled to actual 2026 hours and salary rates and included in the 2028 Annual Billing Statement.
- 5) **Court Security and Prisoner Transportation (CSPT)** - Municipalities with court security responsibilities in local courthouses are billed court security costs based on the cost of the staff required to provide designated court security activities. Prisoner transportation costs are charged to all municipalities based on the standard province-wide per property cost. The 2026 costs have been estimated based on the 2024 activity levels. These costs will be reconciled to the actual cost of service required in 2026.  
  
There was no information available about the status of 2026 Court Security Prisoner Transportation Grant Program at the time of the Annual Billing Statement preparation.
- 6) **Year-end Adjustment** - The 2024 adjustment accounts for the difference between the amount billed based on the estimated cost in the Annual Billing Statement and the reconciled cost in the Year-end Summary. The most significant year-end adjustments are resulting from the cost of actual versus estimated municipal requirements for overtime, contract enhancements and court security.

## **OPP 2026 Estimated Base Services and Calls for Service Cost Summary**

**Estimated Costs for the period January 1 to December 31, 2026**

### **Notes:**

Total Base Services and Calls for Service Costs are based on the cost of salary, benefit, support and other direct operating expenses for staff providing policing services to municipalities. Staff is measured in full-time equivalent (FTE) units and the costs per FTE are described in the notes below.

- 1) Full-time equivalents (FTEs) are based on average municipal detachment staffing levels for the years 2021 through 2024. Additional service, court security, prisoner transportation and cleaning staff are excluded.

The equivalent of 84.1 FTEs with a cost of \$17,823,159 has been excluded from municipal costs to reflect the average municipal detachment FTEs required for provincially-mandated responsibilities eligible for Provincial Service Usage credit.

Salary rates are based on weighted average rates for municipal detachment staff by rank, level, and classification. The 2026 salaries incorporate the 2026 general salary rate increase set in the 2023 to 2026 OPPA Uniform and Civilian Agreements (uniform and civilian staff - 4.75% in 2023, 4.50% in 2024, 2.75% in 2025 and 2.75% in 2026.) The 2026 salaries also incorporate a 3% Frontline Patrol Premium and a 3% Second-In-Command premium.

The benefit rates are estimated based on the most recent rates set by the Treasury Board Secretariat, (2025-26). Statutory Holiday Payouts, Shift Premiums, and Benefit costs are subject to reconciliation.

FTEs have been apportioned between Base Services and Calls for Service costs based on the current ratio, 51.9% Base Services : 48.1% Calls for Service.

- 2) Support Staff Costs and Other Direct Operating Expenses for uniform FTEs are calculated on a per FTE basis as per rates set in the 2025 Municipal Policing Cost-Recovery Formula.

## OPP 2024 Reconciled Base Services and Calls for Service Cost Summary

For the period January 1 to December 31, 2024

### Notes:

Total Base Services and Calls for Service Costs are based on the cost of salary, benefit, support and other direct operating expenses for staff providing policing services to municipalities. Staff is measured in full-time equivalent (FTE) units and the costs per FTE are described in the notes below.

- 1) Full-time equivalents (FTEs) are based on average municipal detachment staffing levels for the years 2019 through 2022. Contract enhancements, court security, prisoner transportation and cleaning staff are excluded.

The equivalent of 88.28 FTEs with a cost of \$17,343,993 has been excluded from municipal costs to reflect the average municipal detachment FTEs required for provincially-mandated responsibilities eligible for Provincial Service Usage credit.

Salary rates are based on weighted average rates for municipal detachment staff by rank, level and classification. The 2024 salaries incorporate the 2024 general salary rate increases set in the 2023 to 2026 OPPA Uniform and Civilian Collective Agreements, (uniform and civilian staff - 4.50%). The benefit rates are based on the most recent rates set by the Treasury Board Secretariat, (2024-25). Statutory Holiday Payouts, Shift Premiums, and Benefit costs are subject to reconciliation.

FTEs have been apportioned between Base Services and Calls for Service costs based on the current ratio, 50.44% Base Services : 49.56% Calls for Service.

- 2) Support Staff Costs and Other Direct Operating Expenses for uniform FTEs are calculated on a per FTE basis as per rates set in the 2023 Municipal Policing Cost-Recovery Formula.
